Wrapped in your sorrow
I face my tomorrow
Hearing laughter
Taunting ever after
Stretching my hand I reach a place
That lays beyond this dark embrace

I dream just like you
I get hurt and bleed too
Something strange here
Is this what I must do
Look in the mirror your reflection erased
And now all you see is my face

What have I done? Why am I outcast?
What have you done? We are the outcast
What have they done? Why are they outcast
Forgotten children, we are the outcast

There is no ending
To us all pretending
Turn a blind eye
To fire falling from the sky

Run as fast as you can from fate
I promise you it's not too late

What have I done? Why am I outcast?
What have you done? We are the outcast
What have they done? Why are they outcast
Forgotten children, we are the outcast

Keep hiding
But if it finds you
Don't worry you won't be alone
Just take a deep breath
And let it out
Look inside and you will find hope

What have I done? Why am I outcast?
What have you done? We are the outcast
What have they done? Why are they outcast

Forgotten children, we are the outcast
