Somewhere in time  
We'll be together  
Have we ever met?  
Yesterday I'll remember  
I opened my eyes and your  
There by my side  
Your hand in my hand  
It feels just like forever

I know know some day we danced in the rain  
AND I know we'll fly to the sun  
And I know time will show me the way to you  
This I know

Tomorrow will come  
The past isn't ever

Only because  
You are waiting for me  
I've searched for so long  
AND never forgotten  
Strangers in love  
Everytime that we meet

(Chorus)

We're lost in time  
But not lost forever  
I hear your voice  
And it's calling my name  
Today and tomorrow will happen again  
Yesterday ended so that we could begin

(Chorus)
