Whoop, whoop, whoop

There's just somethin' 'bout your whoop, whoop  
It makes me wanna whoop, whoop  
I just can't help but whoop, whoop  
There's just somethin' 'bout your whoop, whoop,  
whoop, whoop

Whoop, whoop, got me jumpin' through hoops  
'Cause a day without your love girl, I can't recoup  
Sends chills down my spine every time we touch  
You second me in any gear, like poppin' the clutch

That rush like you're rollin' down a hill  
Set me still, I gotta chill, I said, "Okay girl, I will"  
With the sweat accumulatin' in a pool in your navel  
I'm rockin' your body 'cause I'm willin' and able

Truth, not fable  
I make a bad scene like the movies on cable  
Holdin' on tight, sit tall in the saddle  
Your heels in my side just like spurrin' cattle

Hearts in red, the nipple on my ear  
Please be my friend  
Your hair is gettin' tangled 'cause I make your body  
tingle  
By the hair of my chinny chin chin

Gotta get your whoop, whoop  
It makes me wanna whoop, whoop  
I just can't help but whoop, whoop  
There's just somethin' 'bout your whoop, whoop,  
whoop, whoop

In the mornin' when I'm moanin' when I wake up  
The sunrise in your eyes helps to heat me up  
A kiss, an' a hug an' an I love you  
Kiss back, I'm awake an' I love you too

Two hearts, one soul walkin' on air  
Livin' on love, livin' on the prayer

Lips so sweet like chocolate  
I get a rush so strong, I can't forget

Love is the breeze that fills my sails  
I crave to breathe what you exhale  
I'd cross the desert with light at its worst  
All I need is your touch to quench my thirst

Think of somethin' without sayin' a word  
Your voice is the sweetest thing I've heard  
Go on, punk, then put the song on loop  
I gotta tell ya again, baby gotta hit ya

Whoop, whoop  
It makes me wanna whoop, whoop  
I just can't help but whoop, whoop  
There's just somethin' 'bout your whoop, whoop,  
whoop, whoop

There's somethin' 'bout your whoop, whoop  
It makes me wanna whoop, whoop  
I just can't help but whoop, whoop  
There's just somethin' 'bout your whoop, whoop,  
whoop, whoop

There's just somethin' 'bout your whoop, whoop  
It makes me wanna whoop, whoop  
I just can't help but whoop, whoop  
There's just somethin' 'bout your whoop, whoop,  
whoop, whoop
