I play chicken with the train
Play chicken with the train train
Unh, huh, huh, unh, huh, huh
You know that I play chicken with the train
Play chicken with the train train
Unh, huh, huh, unh, huh, huh, yeah

Hold 'em up, here we go
All the hicks and chicks feel the flow
Big black train comin' 'round the bend
Gwone kinfolk tell ya mamananem

Chug-a-lugga, chug-a-lugga, chug-a-lugga who?
The big blackneck comin' through to you
Boy you done fell and bumped your head
Uh, huh, that's what they said

People said it's impossible
Not probable, too radical
But I already been on the CMA's
Hell, Tim McGraw said he like the change

And he likes the way my hick-hop sounds
And the way the crowd screams when I stomp the
ground
I'm big and black, clickety-clack
And I make the train jump the track like that

I play chicken with the train
Play chicken with the train train
Unh, huh, huh, unh, huh, huh
You know that I play chicken with the train
Play chicken with the train train
Unh, huh, huh, unh, huh, huh, yeah

From mic to cassette deep into your ear
My voice is your choice that you wanted to hear
Southern boy makin' noise where the buffalo roam
Flesh, denim and bone as you might have known

See me ridin' into town like a 'Desperado'
With a big belt buckle, the cowboy bravado

All over the world wide web you'll see
Download CBT on an mp3

Speak clearly what I'm sayin' so you'll comprehend
Hit the net for hick-hop radio, tune in
Rollin' like thunder on the scene
It's kinda hard to describe if you know what I mean

I never claimed to be the hardest of the roughest hard
rocks
But I'm boomin' out yo' box
Skills got you jumpin' outch'a socks
From Texas here I come, movin' yo body with a bass
kick drum

I play chicken with the train
Play chicken with the train train
Unh, huh, huh, unh, huh, huh
You know that I play chicken with the train
Play chicken with the train train
Unh, huh, huh, unh, huh, huh, yeah

I play chicken with the train
Play chicken with the train train
Unh, huh, huh, unh, huh, huh
I play chicken with the train
Play chicken with the train, train
Unh, huh, huh, unh, huh, huh, you know that

I play chicken with the train
Play chicken with the train train
Unh, huh, huh, unh, huh, huh
You know that I play chicken with the train
Play chicken with the train train
Unh, huh, huh, unh, huh, huh, yeah

Huh, yeah
One time
Get you some of that
