Hold your horses don't be in a hurry
Running does no good for your head
If you sweat all your life work and worry
sooner than later you'll be dead

In the village where I live and sway
People they know how to drink and play
Rule number one is sit back and relax
And work at nothing all day

Da da Harasoo! Hugga, hugga, hugga
Da da Harasoo! Hugga, hugga, hugga
Take it easy buddy see what I mean
It's better here than anywhere else I've been

Holy Moses he never gave me roses
So I'm here killing time in the bar
You can say what you want but do as I say
Cause I can see that you won't go far

In the village where I live and sway
People they know how to drink and play
Rule number two is sit back and relax
And work at nothing all day

Da da Harasoo! Hugga, hugga, hugga
Da da Harasoo! Hugga, hugga, hugga
If the roads are muddy, dark and unclean
Our girls are still the best you have ever seen
Da da Harasoo! Hugga, hugga, hugga
Da da Harasoo! Hugga, hugga, hugga
Take it easy buddy see what I mean
It's better here than anywhere else I've been
