The sun sets in Galata
One more raki serefe

In the house of felicity
Guarded by the eunuchs
See the Hall of the favorites
Full of Oriental treasures
I wanna see

Harem- let's go now to the
Harem- in Istanbul
Harem- the belly dancers
Harem- are waiting for you
Harem- let's go now to the
Harem- in Istanbul
Harem- the suite of Sultan
Harem- is ready for you

Take the ferry to Bosphoros
Leave the Golden Horn behind

See the girls of Top kapi
Offering you paradise
Showing you how to touch the sky
Teaching you Oriental pleasures
I wanna see

Harem- let's go now to the
Harem- in Istanbul
