I woke up today, this morning,  
I'm bloody, I'm beaten,  
I find that I have been robbed  
They took my shoes, my wallet,  
I'm still drunk, I say "fuck it!"  
I go to my job

Then my boss, he fires me for no good reason  
No reason at all  
He says "if you come back I will call a policeman"  
I'm hitting the wall

So I call home, say "dad, I'm robbed,  
I'm fired, I need money, I need money bad!"  
He says "that's bullshit! you're lying! I know you  
Need money? too fuckin' bad!"

He says "son, you gotta get out there and fight, man!  
Compete and stand tall"  
I say "dad, that's the trouble with your whole damn  
White man,  
I'm hitting the wall"

So I'm walking, there's kids behind me  
They're laughing, they throw rocks at me  
I start running, they chase me  
They're coming, they're gaining  
They're gonna get me

Now there's no answer to this I can think up  
I'm taking a fall  
So I duck into a bar, sit back and drink up  
I'm hitting the wall

Then later three big guys, they poke me  
They wake me, they say "boy you'd better pay"  
I pull out my pockets, they don't laugh, they punch me  
They kick me, I'm out the hard way

I'm laying by a dumpster drunk and beaten  
With nothing at all  
People point at me and say I'm sickening

I'm hitting the wall
