My radio
Goes on and on
My radio
It won't be long
Somebody, somebody's been telling me
That you've been doing me wrong, now
What's going on between me and you
Somebody, somebody keeps telling me
To check up on my love
Don't care to hear it
But what bothers me is
Bridge:
(They all really know about us)
How you keep on doing me wrong
And then singing that same old song
(And you don't really know about love)
Said I heard it all before
And I don't wanna hear no more
Chorus:
Just like my radio
You keep playing that same old song
It goes on and on
Every time you come my way
My radio
You keep playing that same old song
And it won't be long
Before I'm on my way
Everybody, everybody keeps telling me
That you're no good for loving
And there's no way to believe in you
Because you keep on showing me
That what they say is true, now
And what am I supposed to do when
Bridge
Chorus x2
You're just like my
Chorus
There's nothing you can say to me
When I don't know what to believe
I'd rather be without your love
Then listen to it all
Repeat and fade
