everything's fucked
just look around
a thousand years to build
and now its comin' down
if this were a movie plot
I wouldn't believe it
but if this were a movie I could
get up and leave it

if this were a movie
id say the acting is pretty bad
everyone's stiff
the dialogue is sad
if this were a movie plot
I wouldn't believe it
but if this were a movie I could
get up and leave it

everything's fucked
just look around
a thousand years to build
and now its comin' down
if this were a movie
id say the acting is pretty bad
everyone's stiff
the dialogue is so sad
if this were a movie plot
I wouldn't believe it
but if this were a movie I could
get up and leave it

yeah if this were a movie I could
get up and leave it
