Well it seemed like yesterday  
When the world was looking dark  
It felt so cold and grey  
And why the hell am I even here  
What's the purpose, all I feel is guilt and hate and fear  
'Til that day you came along  
My heart was empty  
Like the soul was missing from a song  
And I thought I'd loved a few  
No one ever made me feel  
The way that you do  
Hey little girl  
Look what you do  
Oh, I love you  
Hey little girl, I love you  
Well I know I'm not always right  
And girl it breaks my heart  
When I have to see you cry  
So many things I wanna say  
Now I know that you're the reason  
That I'm here today  
Whenever you're here  
Just stay near  
We'll be alright, yeah alright  
Hey little girl  
Look what you do  
Oh, I love you  
Hey little girl  
Look what you do, and you do  
When all my love starts running thin  
I got you my own Cailin  
Hey little girl, I love you  
I'll be alright  
But I need you close  
Please stay tonight  
As long as you're here  
Just stay near  
We'll be alright, yeah alright
