Under a lover's sky  
Gonna be with you  
And no one's gonna be around  
If you think that you won't fall  
Well just wait until  
Till the sun goes down

Underneath the starlight, starlight  
There's a magical feeling so right  
It'll steal your heart tonight

You can try to resist  
Try to hide from my kiss  
But you know, but you know that you  
Can't fight the moonlight  
Deep in the dark  
You'll surrender your heart  
But you know, but you know that you  
Can't fight the moonlight, no  
You can't fight it  
It's gonna get to your heart

There's no escaping love  
Once a gentle breeze (once a gentle breeze)  
Sweeps it's spell upon your heart  
No matter what you think  
It won't be too long (not too long)  
Till you're in my arms

Underneath the starlight, starlight  
We'll be lost in the rhythm so right  
Feel it steal your heart tonight

You can try to resist  
Try to hide from my kiss  
But you know, but you know that you  
Can't fight the moonlight  
Deep in the dark  
You'll surrender your heart  
But you know, but you know that you can't  
Can't fight the moonlight, no

You can't fight it,  
No matter what you do (no matter what you do)  
The night is gonna get to you  
Don't try you're never gonna win oh

Underneath the starlight, starlight  
There's a magical feeling so right  
It'll steal your heart tonight

You can try to resist (you can try)  
Try to hide from my kiss  
But you know, but you know that you (you know that you  
can't)  
Can't fight the moonlight  
Deep in the dark (deep in the dark)  
You'll surrender your heart  
But you know, but you know that you  
Can't fight the moonlight, no  
You can't fight it

You can try to resist (you can try to resist my kiss)  
Try to hide from my kiss  
But you know, (dont you know that you can't)  
Can't fight the moonlight  
Deep in the dark,  
You'll surrender your heart (surrender your heart)  
But you know, but you know that you  
Can't fight the moonlight, no  
You can't fight it  
It's gonna get to your heart. (long)
