Chorus:

I just wanna give You praise  
I just wanna seek Your face  
Lay back into Your saving grace  
Resting in Your holy place

I tried everything I knew to do  
But the one thing I didn't have was You  
When I almost let myself go  
You pulled me into mercy's flow  
You showed me love that is so true  
Now I have my life that is brand new

I just wanna give You praise  
I just wanna seek Your face  
Lay back into Your saving grace  
Resting in Your holy place

Yea I'm gonna sing about it  
Yea I'm gonna dance and shout it

You are everything I need and so much more  
There's no way around it  
There is just no doubt about it  
I've just got to lift my voice unto the Lord
