"Singing and Rejoicing"

There is joy in serving Jesus and I'm finding more,
As I walk with Him from day to day
Everyday my joy gets greater,
fellowshipping with my savior,
I'm singing and rejoicing on my way

Chorus:

I'm singing and rejoicing on my way,
Praising Christ my blessed Savior every day
No more in sin I travel, I walk the straight and narrow,
I'm singing and rejoicing on my way

Things of Earth no more can charm me, for I see the
shore,
Where with my friends and loved ones I shall stay
I can hear the angels singing, in my heart are joybells
ringing
I'm singing and rejoicing on my way
