Verse I:

A man was being buried  
Placed in another's grave  
The men in charge saw the enemy  
And quickly ran away  
They threw the body in the ground  
It touched Elisha's bones  
The dead man rose up with a shout  
Great God what's going on

Chorus:

There's something going on in the graveyard  
Like you ain't never seen  
Saints are coming up from the ground  
Oh can't you hear them sing  
With resurrection power  
And glory all around  
There's something going on in the graveyard  
The saints are Heavenbound

Verse II:

There is a day that's coming  
Jesus spoke about  
When all those who sleep in the ground  
Will wake up and come out  
The world says we've gone crazy  
Sometimes we feel alone  
One day they're gonna cry aloud  
Great God what's going on
