I woke up this morning on a bed on nails  
All that I saw moving, it was leaving trails  
They said I could plug in the batteries, if all else fails  
But here I am sleepin' under the stars..  
I ain't got a quarter for the evening news  
And there is no help around I can kindly refuse  
I can't even find an old cup to drink from and reuse  
Here I am sleepin' under the stars..  
All down the line it's been heaven sent  
And there are no sins that I would want to repent  
All I know is that my will has not been bent  
So here I am sleepin' under the stars..  
The night is growing cold, tonite it's gonna rain  
But that's alright now 'cause I can feel no pain  
I will still be here the day the sun comes back again  
Till then I'll be sleepin' under the stars..  
Till then I'll be sleepin' under the stars..
