"7 Days Sunship Remix"

Visit "[7 Days Sunship Remix](#)" on MotoLyrics.com

Ahh, come on (x5)
Craig David (what x3)
From the front to the back yo
Sunship, on a remix (what x3)
This one, lookin at dis one fat,
Microphone controlling, (what x3)
Beautiful body (x9)

With the mix and the mike and the rhythm with it,
You wanna freak me baby.
With the mix and the mike and the rhythm with it,
Sunship make you feel crazy,
With the mix and the mike and the rhythm with it,
You wanna freak me baby,
With the mix and the mike and the rhythm with it,
Da-a-a-vid, Sun. (x2)

CHORUS

Monday,
Took her for a drink on Tuesday,
We were making love by Wednesday,
And on Thursday and Friday and Saturday,
We chilled on Sunday (x4)

On my way to see my friends,
Who lived a couple blocks away from me.
As I walked through the subway,
Must have been about quarter past 3
In front of me
Stood a beautiful honey with a beautiful body.
She asked me for the time
I said it'd cost her, her name, six-digit number and a
date with me tomorrow
at 9.

So she said she'd like to get with me,
She really needed some company,
This was a perfect opportunity.
She was everything a girl could be,
Great personality, with a beautiful body.

Chorus

Nine, was the time,
Coz I'll be getting mine and she was looking fine
Smooth talker
She told me,
She'd love to unfold me all night long. (love to unfold
me)
Ooh, I loved the way she kicked it,
From the front to the back she kicked it.
You wanna freak me baby.
And I, oh I yeah hope that she cared,
Coz I'm a man who'll always be there.

Asking me to take it so slowly,
I twist about her her, as she whispered so softly,
All the things she'd like to do to me,
B-b-b-b-bouncin from the settee, ending up in Jacuzzi.

Chorus

With the mix and the mike and the rhythm with it,
You wanna freak me baby.
With the mix and the mike and the rhythm with it,
Sunship make you feel crazy,
With the mix and the mike and the rhythm with it,
You wanna freak me baby,
With the mix and the mike and the rhythm with it,
Da-a-a-vid, Sun. (x2)
Beautiful body (x9)
