Stop look listen (yeah) to your heart
Hear what it's saying [x2]

All I can see are all the mistakes I've made
Leaving me all alone tonight
How hard we fall when somebody's hand lets go
Sleepless can become the night

So you see I've gotta let you know
I would never let you go
I just wanna be there when you turn down the light
Do I need to spell it out for you?
All the dreams I'm dreaming are times two
I just wanna be the one that makes it alright
So baby girl

Stop look listen to your heart hear what it's saying [x4]

Girl there's no chance of us running out of love

When all I can think about is you
What we have I know is gonna last
All the tears we cried are in the past
I don't wanna be alone with a photograph
So baby girl

Stop look listen to your heart hear what it's saying
(I really need you to stop/ baby)

Girl when it comes to love
Nobody walks away untouched
Don't you know when it comes to love
Nobody gets enough

Stop listen to your heart hear what it's saying
[Repeat]
