[Verse 1:]

I hear you call my name  
But it ain't words I hear you sayin?  
Girl let your body speak loud and clear  
I wanna raise the volume up in here

[Bridge:]

Whisper whisper  
Let me take a picture  
Silence is golden  
We both know what we're here for  
Girl we could dim the lights  
Time to get your body right  
Make your body sing tonight  
And we can harmonize all night  
It's time to open your mouth

[Chorus:]

I just want to hear your body talkin? (talkin? talkin?)  
Girl you ain't gotta say a word tonight  
No I just want your body talkin?  
(talkin? talkin?)  
No you ain't gotta say a word tonight  
No words tonight

[Verse 2:]

Girl there's a few things in life to teach ya  
Girl there's a language that you should know  
Girl let me simplify the way you think  
I could show you girl if you don't mind

[Bridge]

[Chorus]

Girl I love it when you scream out loud  
  
Healin? happens when the words come out  
Playin? with you like my favorite melody  
I want you to know  
Girl the only think that I'd allow  
Is heavy breathing comin? out ya mouth

You ain't even gotta speak  
Girl just come here

[Rap (Sebastian):]  
I got the fresh cologne  
I got the chromey chrome  
I got something that could get you home  
She said she like a man fully grown  
Well baby girl lemme switch my tone  
So when ya near don't pinch me up  
Or better yet don't pinch me down  
I just wanna hear your body talkin?  
Those lips don't make a sound  
We dancin?  
She's askin?  
Craig David? Sebastian?  
If I stayed at your hotel till the morning  
Would you pass me to Jim Beanz?  
And I love the fact  
How her little buddy be talkin? back like  
Get your body on the floor

[Chorus]

Shut up  
Don't say nothin?  
It's the greatest hits  
Don't say nothin?
