Tell me tell me why you wanted to go
Though I asked you to stay
Most definitely the finest girl
From around my way

Sexy physique, sexy for that
It was just your way
I coulda been your man
You could've been my sweet lady

Now I can't see how this could be for real
Oh, no, how you could go and leave before
I could tell you how I feel? So I sing it

Now I don't know
As I'm cruisin' in my ride
How did I let you go
Without a woman by my side?

Always stoppin' my flow
It's just my flow, give it a try
Can you feel me?
Can you feel me?

Should I stay? Should I go?
Well, that's just for me to decide
True playa for real
That information's just inside

What's the deal? Let us go
I wanna thank her for my pride
Can you feel me?
Can you feel me?

It's just a case of 'I didn't want you to go'
I knew I wouldn't get to see you no more
Some people take it fast, some people take it slow
Just to tell you how they want you, need you
It's time to move on, I don't think you understand me
'Cause when you came to my apartment 543
'Cause it was that I was just too blind to see
You were the only girl for me

Now I don't know
As I'm cruisin' in my ride
How did I let you go
Without a woman by my side?

Always stoppin' my flow
It's just my flow, give it a try
Can you feel me?
Can you feel me?

Should I stay? Should I go?
Well, that's just for me to decide
True playa for real
That information's just inside

What's the deal? Let us go
I wanna thank her for my pride
Can you feel me?
Can you feel me?

Now I know this might seem strange
We could've been in paradise
Now that you're gone, something just don't feel right
So baby, won't you bring it home to me?
