yes im ready babe

first time i saw you
love was in the air
that tickling feeling
im sure we both shared

i stepped to you
to ask you for your name
you said lets talk a while
and led my hand away

we talked a while
i made you smile
you gave me your phone number
for me to dial

but before i let you go
theres one thing that you should know
i dont mean to spoil your flow
but im a man thats willing to show babe

im ready
to stand up tall
to rise above it all
ooh baby im ready (x2)

yes im ready babe

i take time in everything i do
when i think about you
your constantly upon my mind
your style your vibe and everything you do
hey makes me want you yeah
do you want me 2?
ooh like i need you
yeah

give me the time i'll make it right
i know that i want you here right by my side
ooh yeah
but before i let you go

theres just one thing you should
i dont mean to spoil your flow
but im a man thats willing to show

im ready
to stand up tall
to rise above it all
ooh baby im ready (x2)

yes im ready babe

im ready babe
said im ready for you
im ready
