Chorus

Did you ever think that you would be this rich
Did you ever think that you would have these hits?
Did you ever think that you would be the don?
Have a crib with a fifty-acre lawn
Did you ever think that you would be this paid?
Were there times where your ass was real afraid?
Did you ever think that you would sell out tours?
Have a show with fifty million viewers

I used to think about how I was gonna make it
Struggling day-to-day trying to get this paper
Hoping the day would come when things would go my way
And now I'm living lavish and all I do is think and say

Chorus

Did you ever think that you would be this rich
Did you ever think that you would have these hits?
Did you ever think that you would be the don?
Have a crib with a fifty-acre lawn
Did you ever think that you would be this paid?
Were there times where your ass was real afraid?
Did you ever think that you would sell out tours?

Have a show with fifty million viewers

Now I've been around the world seen so many things
Partied in every club nothing but VIP
I never take for granted these luxuries I have
Just try my best to answer all of these questions that I ask

Chorus (2x)

I used to play the game and like the same ole same
Dreamin' bout city lights it was my only life
And now this world I chose as if I did not own
Now I can't go nowhere without you all wanting to know
Chorus

I used to dream about this life
Now I'm sitting on the first class flights VIP

Chorus (5X)
