Another one  
Craig David  
Yall ready for this  
Yo  
On my way from the studio  
Driving on my way home  
Happy cos I'm gonna see my girl tonight  
Somethin' messing with my radio  
Got to be my cellphone ringin'

I picked it up it was my girlfriend  
But you wouldn't talk to me  
I heard some friction in the background  
Saying that my girl was too good for me yeah

And I was like what  
Why you chillin' my name (?)  
Say it again  
Acting like how I got nothing to gain  
People wanna burn just because of my fame  
You better stop  
Before I lose control  
Had enough of your friends and i'm letting you know  
I'm craig david and I'm running the show  
And you been talking a lot of bull baby you got to go so

[chorus]  
Eenie meenie minie mo  
Gonna miss you that I know  
Girl it's been wonderful  
But I gotta let you go

Eenie meenie minie mo  
Getting kind of critical  
Don't wanna hurt you though  
But I gotta let you go

Tell me why you wanna do me like that  
Used to give you things now you throwin' them back  
Access to the visa the keys to the flat  
Widescreen tv dvds and that  
All of a sudden you be trippin' when I answer the phone

Talkin' all about me in an angry tone  
Talkin' all about how i be doing you wrong  
You're crazy

Whatever happened to the good girl  
The one that was into me  
I wanna tell it to your face girl  
That one of us has to leave  
So

[chorus]  
Eenie meenie minie mo  
Gonna miss you that I know  
Girl it's been wonderful  
But I gotta let you go

Eenie meenie minie mo  
Getting kind of critical  
Don't wanna hurt you though  
But I gotta let you go

You know what  
Well I'm just an ordinary guy  
Dealing with rumours and lies  
But your friends keep on filling your head with this  
nonsense  
I'm not gonna take no more

Craig David  
She only after that wage payslip  
That's why she got you pullin' strange faces  
Trickin' on the c 'til your brain's wasted  
She don't wanna be the girl that craig stays with  
She just wanna be there while craig stays rich  
She wouldn't be with him if he was paid basic  
She wouldn't be there if he wasn't made famous

She had a gold digger degree  
She must have studied for that  
Wanted me to get her a mansion  
With a truck in the back  
Filled up with ice  
Then I'm lookin' like  
Honey relax  
Looks like you bought the code (?)  
We've even got the money for that (?)

All of a sudden you be trippin' on my cellular phone  
Talkin' about all of the women that be takin' me home  
Talkin' about all of the women I supposedly boned  
She crazy

You know what it is you give me attention then you're  
takin' the piss  
You fed up of it get rid of the bitch don't be takin her  
'ish'  
She wasn't payin us when you was lickin the lower lip  
Makin' the double fib with your fingers all over it  
Trippin' all over you whenever you rock the show  
Time to get money cos you know you got the dough  
And the next time she trippin' from it you drop the  
phone  
You been talkin' a lot of bull baby you got to go

[chorus]  
Eenie meenie minie mo  
Gonna miss you that I know  
Girl it's been wonderful  
But I gotta let you go

Eenie meenie minie mo  
Getting kind of critical  
Don't wanna hurt you though  
But I gotta let you go

Another one  
Craig David  
Somethin' for the club  
Yo  
I gotta let you go  
Know what I mean  
I gotta let you go  
What  
We out

All of the massiv'  
Listen Sharon (?)  
To our little girl Em (?)  
And to all the beautiful sexy ladies  
Listen this one

Craig David  
Sir ignorants  
Sir ????  
Messiah  
Catch a fire  
To all the man who stayed up with us  
Say bo  
Check it out, uh

You could have been my troubleless type of wife  
Could have been the love of my life

But you didn't take heed  
Didn't proceed to believe  
What the honeyz all say  
That's the difference 'tween me and you  
You better go over to the boiler crew  
Cos slackness is all you do  
Me and craig caught you in the venue  
Couldn't really believe that that was you  
You and the rest of your crew  
Tryin' to get with a boy led the crew (?)  
Bubblin' around with the champagne crew  
While expecting me to take you back in 2  
Baby girl I'm not into that  
And that's true  
So I'm walkin' away from you  
Didn't know  
Where I'll go  
Who I know  
Where you go  
Big it up
