Girl see the signs I'm on your side  
all them other runners you can leave them behind all  
right, cause they cloud up your mind  
oh baby well speedlimit is all up to you  
you said it and thats what we will do  
tonight so you can cruise or we can fly...Yeah...  
baby don't be afraid I got the wheel  
trust and believe i know how you feel  
so i, i'm still down to ride

girl we aint in a rush we can take it slow  
you cut your feelings somewhere down the road ??  
so i, i'm down for the ride  
girl they say i hit and run but its alright  
feel you hesitating  
i dont know and i dont know why  
but when its wrong well leave from here  
its obviously clear  
that your going my way

were reaching 80 on the clock  
at this figure how the hell we gone stop  
sunset is going down on me  
clock stoppinh getting hard to breath ???  
loosing control cant stay restrained  
pumping the breaks, legs start to shake come on  
dont wanna let go just hold on  
if your nervous switchin lanes just let me know  
your in the hands of a professional tonight

girl im down to ride

girl we aint in a rush we can take it slow  
you cut your feelings somewhere down the road ??  
so i, i'm down for the ride  
girl they say i hit and run but its alright  
feel you hesitating  
i dont know and i dont know why  
but when its wrong well leave from here  
its obviously clear  
girl that your going my way

girl i know you feel were moving way too fast  
but i dont wanna wait no longer girl, it only a matter of  
time  
if you could just relax  
youll see girl with me that your in good hands

girl we aint in a rush we can take it slow  
you cut your feelings somewhere down the road ??  
so i, i'm down for the ride  
girl they say i hit and run but its alright  
feel you hesitating  
i dont know and i dont know why  
but when its wrong well leave from here  
its obviously clear  
that your going my way
