Go on baby girlfriend, baby take my hand
Cause girl, there's so many things you need to
understand
'cause it really don't matter no
Just because girl you have a baby
You can get on with your life girl
And just because you have a baby
Uuh ooh yeah
Just because girl you have a baby
Listen to me girl it's easy to see
If you've been made to believe, then none other
matters, girl

Stop the crying and wipe your eyes darling
You've got a beautiful face baby, so why you're
bothered
You know he ain't gonna change baby so why you're
calling
And he ain't giving you change baby, so why you're
stalling
Listen you need to try to hit the spa
Relax, take a little time and try to get the spot
Right after the school run, the grinding gets to start
Cause you wanna own your own home and buy yourself
a car
He's always out raving, while you the one who stays in
And i cannot blame him 'cause I can do the same thing
I know you thought that the baby is gonna change him
But he's never around when the baby needs changing

Want your respect, then you need to respect yourself
Don't want to stress then you need to address yourself
Protect yourself; you don't need to undress yourself
All you need is your baby and yourself

Chorus:

Just because girl you have a baby
You can get on with your life girl
And just because you have a baby
Uuh ooh yeah
Just because girl you have a baby

Listen to me girl it's so easy to see
If you've been made to believe, then none other
matters, girl

And you don't know what you wanna do right now in
your life
You don't know, nooo
And it seems everything you do ain't turning out right
Baby there's so much more to give; i see it in your eyes
I wanna get a glow, let it shine girl, let it shine girl

See all the guys will make moves on you
Go pack your confidence is time to start moving on
He never had your back until you turned your back
By the time he wants you back, baby, you'll be gone
Go get a babysitter, 'cause baby, you'll be long
You deserve to be in love that's where you belong
He deserted you, but now you looking sweet like
dessert
Plus the proof's in the pudding, so you can prove him
wrong
You ain't got to feel low, 'cause you got a youth
You ain't got to be remote, you ain't got a mute
Pretty young mother, see the big picture
Parent's evening, no you must be the big sister
Never be afraid to say you got a kid
'Cause if he ain't on it, at least you know what it is
If he just wanna hit it, then you don't wanna hear it
You don't want to confuse your child
This is your song from Derrick, peace..

[2 x Chorus:]
Don't you worry baby
Oooh girl be strong be strong
