Uh oh uh oh  
Uh oh uh oh uh oh uh oh [x4]

I'm in the club tonight kicking back  
(so what's up?)  
Just chillin'  
Ain't no question that this pretty girl wanna be all up in  
it  
I'm in the mood tonight to get it crunk alright, get my  
grind on yeah  
Ain't no holding back cos it's a fact you're the girl I'm  
feelin'  
You look so sexy when you're dancing  
When you dip it low then flip it back to front and?  
Ooh I like the way you got your eyes on me  
Maybe we could work it  
But don't stop what you're doing tho

Maybe we can fly  
Way up to the sky  
Baby we can go  
Anywhere you like  
Baby we can move  
Ain't got nothing to lose  
Girl we can do this  
Anyway you want it

Oh girl  
Sexy to me  
Oh girl  
I like the way you work it work it on me  
Oh girl  
Sexy to me  
Oh girl  
I like the way you work it work it on me

All my fellas and my girls and  
All my hustlers making money time to fall in  
Ooh you're so damn sexy want the world to know

This girl got me open  
Ain't gon' front 'cos I like her so

Maybe we can fly  
Way up to the sky  
Baby we can go  
Anywhere you like  
Baby we can move  
Ain't got nothing to lose  
Girl we can do this  
Anyway you want it

Oh girl  
Sexy to me  
Oh girl  
I like the way you work it work it on me  
Oh girl  
Sexy to me  
Oh girl  
I like the way you work it work it on me

Uh I know you like it girlfriend come on  
As I watch you from across the bar  
You shine girl  
Ooh it's something 'bout the way you move  
You feel me  
Makes a brother wanna slide up right up next to you  
Come on

Girl you know this man's got his eyes on you  
Temperature rise can you feel it too  
When I look at you  
Don't wanna lose my cool  
But baby I can't help it

Oh girl  
Sexy to me  
Oh girl  
I like the way you work it work it on me  
Oh girl  
Sexy to me  
Oh girl  
I like the way you work [x3]
