ft. Krys Ivory & Ryan Leslie  
{Craig David}  
This is your boy out of London  
Street keeping it real, I ain't fronting  
We've had our issues girl I know  
But I never thought about letting you go  
Girl, I'm oversea singing something  
And I might need some good loving  
Girl I want you to know  
I only wanna be next to ya

{Krys Ivory}  
After everything that we've been through  
I was there for you, you was there for me  
And I wanna know what's the issue  
Can we make it last, or am I just crazy?  
Think about when we first met  
The way we touched the way I felt and I  
I really gotta know if it's for real

{Craig David}  
Well, the way I feel about you  
Nobody else compares  
Just wanna be by your side  
Treat you right,... so happy on my girl  
Girl, when I'm holding you closer  
Thinking about no one else  
Cause I know that you're the true, yeah  
And I only wanna be next to ya

{Chorus}  
I've been next to ya, I only wanna be next to ya  
I've been next to ya, I only wanna be next to ya  
Been next to ya, I only wanna be next to ya  
I've been next to ya, I only wanna be next to ya

{Craig David}  
Hold up, baby don't runaway  
I know it's been kinda strange  
When I'm not around...  
But girl I know you understand

You're the one that keeps my head right, uh  
Single-handedly change a game, girl  
And if this is for real (if this is for real)

{Krys Ivory}

I've gone over this once, over this twice and then  
Baby I came to the conclusion that I really needed you  
And no one in the world can take your place  
If we gave this thing up, it would be such a shame  
Baby cause I've been next to ya and I only wanna be  
next to ya

{Chorus}

I've been next to ya, I only wanna be next to ya  
I've been next to ya, I only wanna be next to ya  
Been next to ya, I only wanna be next to ya  
I've been next to ya, I only wanna be next to ya

{Krys Ivory & Craig David}

Cause you're the only one that makes my heart feel this  
way I  
Well, now I'm kinda convinced my own feels the same,  
girl I  
Need you in my life I won't let you go, no  
Cause you mean everything to me, (well, you mean  
everything to me)  
And I've been right next to you

{Ryan Leslie}

You can catch in a black Coupe  
Yeah, I was that dude  
I hustle hard like all Harlem cats do  
Was into pretty girls big city girls  
Slick getting money quick real witty girls  
Fenny bag on her arm with the pretty curls  
More lyrics at  
Biggest thing in her lil itty bitty world  
That's me I know what I gotta do  
Settle for the Prada boots  
House with the lot of rooms  
And hit it right, all night  
Take me out to game but it's all right  
It's lovely cause she loving me  
And when it's said and done  
I know where she wanna be (with me)

{Chorus}

I've been next to ya, I only wanna be next to ya  
I've been next to ya, I only wanna be next to ya  
Been next to ya, I only wanna be next to ya  
I've been next to ya, I only wanna be next to ya

(repeat)
