Lately we don't see at a while all we seem to do is fight

Too many sleepless nights, but now I wanna put it right

I know things have been tough, friends telling you stuff

Try to mess with our trust, but all we care is about us

I know things have been tough, friends telling you stuff

But they won't break our love.

You say you want my love, but think I'm holding back

Say I don't give enough, you know it ain't like that

But I'm within a change, so please don't walk away

Please don't go, I'm begging you to stay.

We got a crazy chemistry, that's why it's hard for me to see

How we ended up here with tears rolling down your eyes

Girl, I apologize, two wrongs don't make a right

But I'm prepared to fight, 'cause girl, I need you in my life.

I know things have been tough, friends telling you stuff

Try to mess with our trust, but all we care is about us

I know things have been tough, friends telling you stuff

But they won't break our love.

You say you want my love, but think I'm holding back

Say I don't give enough, you know it ain't like that

But I'm within a change, so please don't walk away

Please don't go, I'm begging you to stay.
