[Verse 1:]

Now that the weekends here
And you know there's a party going on
So get up the atmosphere
While the DJ plays my favourite songs
Watching the kind of moves some guys they seem to
play
But I'd rather chill a while I guess that's just my way
That's why I'm sitting here just

[Chorus:]

Smoothed out, checking all of the ladies at this party
Schools out, don't really wanna be anywhere but the
flyest party
I'm wiling out, all of my crew laced up beside me, don't
you know I'm ready
To step onto the dance floor, caught the eye of this girl
by the back door
All I know for sure, time is right to leave and look
around here no more
Moving closer, take the time to make sure I'm coming
for ya
Girl you know I'm on ya
It's just how I do

[Verse 2:]

Well how you doing there girlfriend
Well I guess I gotta talk about it
Would you mind girl, would you care
If I asked you for your name
Ooh you look so good (then would you take a chance on
her)
Yes I would
So let me take you by the hand girl (show ya)
While I'm chilling here just

[Chorus:]

Close up, sipping on a little Baileys with this shorty
Girl what's up, tryna to resist the urge girl to touch your
body
Now hold up put the kind of these moves on everybody
Don't you know I'm ready

To show you that I'm willing out
Take some time read your mind, get to know you
At times I look a little bit further only if you want to
Let's hold out feeling there's something special going
on about you
Think I'm falling for you
What am I gonna do

[Bridge:]

Well I've seen some pretty girls
But I've just passed them by, yeah
I don't impress that easily, no no
But girl you stand out in the crowd, I don't know why
I can't miss you no girl
Baby cause you're so fly, oh

[Chorus:]

Cold out, all up in my Mercedes with this shorty
Cold out, least I can do is make sure you get home
safely
All alone tonight, do you think you might ask me why
you felt lonely
Cause you're feeling something for me
And even if I hold out from taking you in my arms girl
and tryna kiss you
There's no doubt that if I wasn't here tonight that I'd
really miss you
Let's go out tomorrow night and do it again if you want
to
Girl I've fallen for you
Now it's up to you
Now it's up to you
