I'm just sitting here, tryna Forget about all those years
and I can't take the thought of him.
Alone with you (alone with you, no)and it's been a year
or so, and you You moved on and left me cold, and I
Wish that I could let you know that i still got a thang for
you
But you got another man, He says he loves you too,
baby girl i understand, this must be hard on you
and it gets so hard sometimes to know just what to do
stuck in the middle with you
You and I, Seen It All, Sunny Days, Through the storms,
still i know
He could never love you like me girl i know me and you
going new
he messed it up with you
No he could never love you like me
Can we go back again as lovers not as friends
Because i know
He could never love you like me
Girl I;ve been there before
time to close that open door, girl i know
that he could never love you like me

He can't love you like i do baby (No , Yeah)
I was the one you came running to '
when tears would fall from what he do
who knew that friends would become lovers

Hey going crazy giving my all but getting half of you
I'm not half the man so tell me what to do
never gonna let you go
Because you know my love is true
