Whats Your Flava Detrimental Pirate Material Remix

If you'd like to take a trip inside my world  
Where you're my favourite,  
My chocolate covered candy girl.  
I'd like to taste ya  
Take a bite and save the rest for later  
Cause I'm digging your flava yeah  
Cause there's some girls who are scheming and it's  
obvious  
They're too busy impressing, that's why I call them  
toffee crisp  
Girl I've learned my lesson  
Be monogamous which chocolate  
Cause too much of it can make ya sick but

Chorus

You're what I want  
You're what I need  
I wanna taste ya  
Take ya home with me  
You look so good  
Good enough to eat  
I wonder if I could peel your wrapper, peel your  
wrapper

If you're young free single in this club baby tell me  
what's your flava  
Tell me what's your flava girl.  
If you're an independent money making chick baby tell  
me what's your flava yeah  
Tell me what's your flava girl.  
If you're young free single in this club baby tell me  
what's your flava  
Tell me what's your flava girl.  
If you're an independent money making chick baby tell  
me what's your flava yeah  
Tell me what's your flava girl (Girl)

Like shopping for candy there's so many different  
kinds

Of chocolates I fancy I'd like to get to know in time  
Cause too many tempt me with a colour, shapes  
wrapper design that blow my mind  
Or leave me without a dime yeah  
But there's a flavour that I never hesitate to eat  
With a chocolate complexion so smooth I call her  
galaxy  
But I've learned my lesson too much of her will surely  
cause a cavity  
But her loving is what I need yeah.

### Chorus

If you're young free single in this club baby tell me  
what's your flava  
Tell me what's your flava girl.  
If you're an independent money making chick baby tell  
me what's your flava yeah  
Tell me what's your flava girl.  
If you're young free single in this club baby tell me  
what's your flava  
Tell me what's your flava girl.  
If you're an independent money making chick baby tell  
me what's your flava yeah  
Tell me what's your flava girl (yeah)

To all of my disciplined people  
Bringing in a flava sequel  
CD and I wish you can't believe  
That we're bringing back the flava to blood seed  
And you're thinking how did it get to me  
It's about your favourite artist running the beat  
It's about bringing flava back to the street  
And we don't track losses pure contest with the most  
success  
Are you smart enough to ingest a game of chess  
With the finest flava and finesse  
You better hold this merciless base until your chest call  
So smooth and detrimental  
Who be afraid to tip off inside the function  
Many favourite girls moving with soulless motion  
Looking freak showing us that you want ask her  
Are you single now that you got the flava down

Girl, tell me what's your flava  
Girl, tell me what's your flava  
Girl, tell me what's your flava  
Girl, tell me what's your flava  
Girl, tell me what's your flava girl

If you're young free single in this club baby tell me

what's your flava  
Tell me what's your flava girl  
If you're an independent money making chick baby tell  
me what's your flava yeah  
(Well tell me what's your flava girl your flava girl)  
Tell me what's your flava girl (yeah)
