Are you happy when I choose not to stay
Do you sleep better when I'm far away?
Is it easier to just say no
Than to ask me to go?
Cause you know I won't stay.

And I'm seeing double
Pings in the floor
And trying to ignore
That your crazy, stupid
Dreams will never hinder me

I know it's hard for you to say that you're wrong
Until after I'm gone and you're left with memories
You decided that you don't want to try
Would this be different if I

Ever cared in the first place?

And it's killing me to
Know that you thought it'd last forever
You're far too young to
Break apart this easily.

You said that I'm not worth your time
But I knew that long before you
Never come crawling back you know
In the end I'll just ignore you.

And it's killing me to
Know that you thought it'd last forever
You're far too young to
Break apart this easily.
