Summer dress strap slipping
Off of her shoulder.
A blanket of stars is looking us
Over here in the dark.
Wrapped up in each others arms.

Moonlight tickles her sun kissed skin.
She smiles that smile she only
Smiles when
I've done something right.
It's gonna be a long long night.

Chorus

Baby, baby love loves a long night.
Don't you know love no love
Don't worry bout time.
The way it's goin feels like
Loves gonna be
Goin til the morning light.
Baby, baby love loves a long night.

2nd verse.

Candle wax dripping off a
Dropped tail gate.
Barefoot dancing while the radio
Plays a slow sexy song.
Whipporwill will singin' along.

Fire flies bounce a cut hay field
Winkin' back and forth like they
Know the deal. no it can't be wrong. lovin' all
Night long.

Repeat chorus.X2
