Can you see the colors in the air?  
Can you see, am I hallucinating?  
I woke up and I was walking down the stairs  
I woke up but I'm still sleeping here  
Is this lucid dreaming I am (dreaming)  
I look down a thousand miles (mi-i-i-i-i)  
miles (mi-i-i-i-i) miles (mi-i-i-i-i)  
Oh, but I fall down, but I fall down  
Oh, but I fall down, but I fall down  
Can you see me I'm floating in the air  
Can you wake me I'm crying  
I can see you, you're lying next to me  
I can't wake you, I'm trying  
Astral Projection can get me out of here  
Astral Projection ahahahahahahah, ahahahahahahah  
Oh, but I fall down, but I fall down  
Oh, but I fall down, but I fall down  
I fly away away away away  
I fly away away away away  
I fly away away away away  
I fly away
