How to be unfaithful
How to be disgraceful
To lose yourself
To lose control
Fall of defence
Fire and soul
To lose yourself
To lose control
Fall of defence
Where is your fire and soul?
I'll wait for you forever
I'll wait for you forever
I'll take you to my grave
Now in the beginning
How the room was spinning
Hold on to me
Hold on to you
Hold on to us
Is what we'll do
I'll wait for you forever
I'll wait for you forever
I'll take you to my grave.. grave..
Ooh oooooh oh
Wait for you forever
I'll wait for you forever
I'll wait for you forever
I'll wait for you forever
To lose yourself
To lose control
Fall of defence
Fire and soul
To lose yourself
To lose control
Fall of defence
Where is your fire and soul?
