"There she goes, a real life reverie
Every move a pose, every curve a melody
There she goes, little can you know
You're just another dish on her menu

Cause she gathers glances
Puts them in her basket
Bathes in them and soaks herself
When she is all alone, all alone

She's addicted to your stares
But you could fade for all she cares
Your admiration gets her high
Just the thought of it can make her sight

She's a mirror lover, a mirror loving lady
She don't need a lover, get the message, baby
She's a mirror lover, a mirror loving lady

She breathes it in, fills her lungs with more
Of your devotion, that is all she needs you for
Fills her tank, sips on words like wine
Saves the rest for when you're gone tonight

Cause she gathers glances
Puts them in her basket
Bathes in them and soaks herself
When she is all alone, she's all alone

She's addicted to your stares
But you could fade for all she cares
Your admiration gets her high
Just the thought of it can make her sight

She's a mirror lover, a mirror loving lady
She don't need a lover, get the message, baby
She's a mirror lover, a mirror loving lady

One-woman show
Her aphrodisiac is her desired reflection
One-woman show
You're just her appetizer

You won't feel or taste her either

(One-woman show)

She's a mirror lover, a mirror loving lady

(Self-obsessed girl)

She don't need no lover, get the message, baby

She's a mirror lover, a mirror loving lady"
