"Really Hope"

I've been down this road before
Now I'm coming back for more
This is like a deja vu
I was born to be with you

Into the night we went to sleep
You and I were meant for kids
Into the night we went to play
You and I

I really hope you'll always be so in love with me
I really hope we'll always live
So I'll touch this ray
I really hope you'll always be so in love with me
I really hope we'll always stay
So I'll touch this ray

So beware of that thing fall
We don't have to change it all
And our life will not fall out
It's what freedom's all about

Into the night we'll go to sleep
You and I were meant for kids
Into the night we'll go to play
You and I

I really hope you'll always be so in love with me
I really hope we'll always stay
So I'll touch this ray
I really hope you'll always be so in love with me
I really hope we'll always stay
So I'll touch this ray

I really hope you'll always be so in love with me
I really hope we'll always stay
So I'll touch this ray
I really hope you'll always be so in love with me
I really hope we'll always stay
So I touch this ray

I really hope that you'll always be here
I really hope that you'll always be near
