"Saving Grace"

It could happen here today
It could happen here today
And I can't wait to see your face
No I can't wait to see your face

Can you hold on
While I take hold of myself
Can you hold on
While I take hold of myself

You're the little thing
My saving grace
You're just a little thing
My saving grace

It could happen here today
It could happen here today
You are my saving grace
You are my saving grace

Will you be strong
While I take hold of myself
Will you be strong
While I take hold of myself

You're the little thing
My saving grace
You're just a little thing
My saving grace

It could happen here today
It could happen here today
You are my saving grace
You are my saving grace
