She meticulously curls her hair, her hair, her hair, her
long blond hair.
Applies mascara with the greatest care, with care, with
care, the utmost care.
She puts on lipstick that is scarlet red
She's all ready for the upper hand
Fishnet stockings and a bottle of wine, she's fine, she's
fine, she thinks she is fine.
Girls, you better watch out
Schizophrenic playboys
Cannot handle their toys
Girls, you better watch out
Schizophrenic playboys
Cannot handle their toys
Baby, baby will you come with me, with me, with me,
please come with me.
I'll take you places that you'd rather be, to be, to be, to
come with me
Driving faster now in his car
Now she knows that she has gone too far
In the morning she is in his bed, his bed, his bed, her
eyes are red.
Girls, you better watch out
Schizophrenic playboys
Cannot handle their toys
Girls, you better watch out
Schizophrenic playboys
Cannot handle their toys
I'm in, I'm out, I'm in, I'm out, I'm out, I'm in
Boys, you better watch out
Schizophrenic playgirls
Cannot handle their girls
Girls, you better watch out
Schizophrenic playboys
Cannot handle their toys
