Serendipity  
A cosmic coincidence  
Serendipity  
The unfolding of events  
Serendipity  
The brought us to the moment that we're in  
Do you believe that this makes sense?  
Could you conceive, the unfolding of events?  
Do you believe that this is...  
Serendipity?  
Serendipity?  
Serendipity?  
Serendipity  
A cosmic coincidence  
Serendipity  
The unfolding of events  
Serendipity  
The brought us to the moment that we're in  
Do you believe that this makes sense?  
Could you conceive, the unfolding of events?  
Do you believe that this is...  
Serendipity?  
Serendipity?  
Serendipity?  
Serendipity  
A cosmic coincidence  
Serendipity  
The unfolding of events  
Serendipity  
The brought us to the moment that we're in
