Funny how people think that it all come so easy
(nothing is easy)
Funny how people think because is black and white
(black and white)
Got a story to tell
went to heaven and hell
I went to watch the world go round
(watch the world go round)
I want to do it again
and give it ten out of ten
and then I watched the world go round
(watch the world go round)
And then
Nothing is gonna stop me
You can't stop me now
No-No-No-No-No-Nothing is gonna stop me
You can't bring me down
Come on and make my day
Quit standing in my way
Come on and make my day
Quit standing in my way
Funny how people think that i'm a parasite
(what did i tell you?)
Living of rock'n'roll is not a half-assed life
(what did i say?)
If you've got something to say you'd better say it to me
'Cause I already disagree
And at the end of the day I've got a lot to say
You see this music came from me
(watch the world go round)
You say-ay-ay-ay-ay-ay
Nothing is gonna stop me
You can't stop me now
No-No-No-No-No-Nothing is gonna stop me
You can't break me down
Come on and make my day
Quit standing in my way
Come on and make my day
Quit standing in my way
Lala
(lala)
Nothing is gonna stop me

You can't stop me down
Nothing is gonna stop me
You can't brake me down
Come on and make my day
Quit standing in my way
Come on and make my day
Quit standing in my way
