Sitting in an armchair,
My head between my hands,
It wouldn't have to be like this if you'd only understand,
Too many misunderstandings causing such delay,
And if it doesn't work like this then we'll try another way.

This is the way you wanted it,
I didn't understand,
This is the way you wanted it,
I didn't understand.

You know that all I wanted was to be there by your side,
And if you didnt want it well you surely had the right,
I knew that you were someone special right from the start,
But if you treat me badly then we're better off apart.

This is the way you wanted it,
I didn't understand,
This is the way you wanted it,
I didn't understand. (understand)
