It lies here slowly  
It lets you know  
It lingers slowly until you know  
And I'm naked in your heart  
I can't make it stop  
I'm breaking in your heart  
And I can't make it stop  
I'd try and I can't make it stop  
And I'd like it if you don't ever stop  
In your heart, in your heart  
I feel naked in your heart

I want to make you wonder  
I want to make it start  
And oh when it fills with wonder  
I won't want to break it apart  
And oh when the sky falls on me  
And when it's another day  
I'll want to make you want me  
In always another way

I'd love to know you  
And I'd love to be in your heart  
Oh and i hope you'll stay  
With the love that fills your hearts  
Hey . . . hey . . .  
And it always makes me cry  
When I see the sky, your sky

Don't want to think about tomorrow  
'Cos I think it's all too much  
And oh if I could feel it in your touch  
It's all too much now  
These dreams just make me cry  
And oh if we could only try . . .  
Don't want to think about tomorrow  
Ih 'cos it makes me smile  
If we could only hold on for a little while  
This is the sense of calm I longed for  
Oh and it makes me high  
And it brings me here
