If I could keep
This moment here
Live away
Get away

And now I feel you
Cross my heart
Shining shining
Like a jewel

Ooh
Put me high on a wall
And let's not fall
Let's not fall

Sweet dreams I remember it all
I remembered it all

Doo te doo...

If I could keep this hour
And hold you gently next to me
It would sparkle like a jewel
And all this means so much to me

You know it's gone
It's gone to fast
Wish you could never be a past
But then i'll ... much more to lose
Alone and screaming
Eo eo eo...

To doo te doo...
Eo...
To doo te doo
