[CHORUS:]

Watch me dig and watch me roll
As I crank the center fo
Watch me freeze and let it go
Let it fall like snow
Crank dat iceman
Then freeze and let it go
Crank dat iceman
Then freeze and let it go

Watch me dig and watch me roll
As I crank the center fo
Watch me freeze and let it go
They tryin to take pictures when I stop and strike a pose
I try to tell it boys you know
Your not superman you know?
Crank dat iceman on the center of the floor
Watch me slide and watch me throw
Ya'll can make it rain, man
But I can make it snow
I'm a pass it to Dre
He gonna crank it up fo sho
These chicks try to ice me
But my dance way to cold
I step on the seat
And start to iceman on these hoes
These haters in the club try to crank my dance
But I tell them
If I can't crank it, Nobody can
So I slide and I throw
Some might tell a buddy we are high

[CHORUS: x3]

Watch me dig and watch me roll
As I crank the center fo
Watch me freeze and let it go
Let it fall like snow

Crank dat iceman
Then freeze and let it go
Crank dat iceman
Then freeze and let it go

Baby I'm sick
Baby so sick
I can be the iceman
You my ice bitch
Cause baby I stay fo real
What you do to iceman
All around the buildin?
I can make it under 0 degrees
Do the iceman
Baby, man it freeze
Cause
We can make the temperature slide low
Watch me slide and watch me roll
Watch me iceman dat hoe
Watch me touch on dat floor
Then I lean and I joc
Now watch me freeze
Then I lean and I rock
Cause you know
I can throw it down like snow
Watch me do that dance
And then iceman dat hoe

[CHORUS: x4]
Watch me dig and watch me roll
As I crank the center fo
Watch me freeze and let it go
Let it fall like snow
Crank dat iceman
Then freeze and let it go
Crank dat iceman
Then freeze and let it go
