Here we are once again.
I'll turn myself in at the end;
This is something that I never thought I'd say.
Forget everything you know
Like who, what, when, where, why, and how
This tragic story every came to be.
Tell me again,
My hands are shaking now.
I lost my head, it left me for dead.
With every regret,
Try and take me on now
With every word that you said.
I finally came to grips that my life may not be legit
And I haven't ever felt this good in years
And I'll hate myself for ever
Pretending I'm someone else
Because everything I've ever done has gone straight
down to hell,
Tell me again,
My hands are shaking now.
I lost my head, it left me for dead.
With every regret,
Try and take me on now
With every word that you said
Has fallen.
What's left to tell?
We'll let them burnout,
I'll see you in hell.
What have I done?
What have I done to me?
What have I done?
What have I done to me?
Tell me again,
My hands are shaking now.
I lost my head, it left me for dead.
With every regret,
Try and take me on now
With every word that you
Tell me again,
My hands are shaking now.
I lost my head, it left me for dead.

With every regret,
Try and take me on now
With every word that you said.
Tell me again,
Tell me again,
Tell me again,
Try and take me on now
With every word that you
Said.
