I've been trying to forget you
But somehow I can't let you
Forget about me
As you moved on to better things.
I've been lying in this gutter
With my heart filled up with sulfur.
So, light a match and trail it with gasoline,
Take you down with me.
This just got serious,
I'm done, I'm giving up.
And if this is true love
Why can't romance save us?
This just got serious,
I'm done, I'm giving up.
And if this is true love
Why can't romance save us?
There's a party in the backroom
With all the girls we've been through
And I looked for you but I guess you weren't there.
I'm tired and lonely and stupid and crazy.
The lies, the excuses - I'm totally useless.
My patience is fading,
You're so aggravating
And I can't even stand myself.
This just got serious,
I'm done, I'm giving up.
And if this is true love
Why can't romance save us?
This just got serious,
I'm done, I'm giving up.
And if this is true love
Why can't romance save us?
I'll drag you down forever,
Going to drag you down forever.
This just got serious,
This just got serious,
This just got serious,
This just got serious,
This just got serious,
I'm done, I'm giving up.
And if this is true love

Why can't romance save us?
This just got serious,
I'm done, I'm giving up.
And if this is true love
Why can't romance save us?
This just got serious,
I'm done, I'm giving up.
And if this is true love
Why can't romance save us?
This just got serious,
I'm done, I'm giving up.
And if this is true love
Why can't romance save us?
