You! Won't you get into my car  
You know your gonna go far, baby you're really a star  
you see  
And I want in your fantasy  
I could use a girl like you  
You've done some work on the stage, I bet you were all  
the rage  
But I gotta see more than your 8x10 or I may never call  
again  
So let's drive...

If you trip under the lights under Mullholland drive  
tonight  
'Cause I know the right people it drives you wild inside  
So high  
1977 was a pretty damn good year  
And I still drive my Mercedes Benz  
Carry a silver spoon... a little Tanqueray  
And out of all the girls I chose you

Get in the back of my car, how much do you want this  
part?  
Show me how much you are the one who wants it more  
than anything.  
I'll let you know

You'll never make it without me  
Oh, no
