We were only kids but I was starting to love her
Tonight we ran with the Superstar Band and my hero
stole her

He said, "Kiss me you're beautiful. Love me onto Mars.
Tell me that you're ready to walk among the stars.
You are just my kind of doll..."
He turned and said, "... release the Chemical Dogs"

I stood in awe from the shower stall
The dogs began to surround her
Time passed, her eyes we glass
She joined him in the tower

And said, "Kiss me you're beautiful"
He took her in his arms
She told him, "Hey, I'm ready to walk among the stars"
I heard her call from down the hall,
"Baby, don't forget the Chemical Dogs"

I drove all night just to find her
The streets were desperate and cold
I should have never waited in the hall
Or hung out backstage
If she was here this is what I'd say
"Kiss me you're beautiful"
... Mary Ann...
"Kiss me you're beautiful"
Days and nights are torture now
Somebody please, bring my Chemical Dogs
