You can relax, as a matter of fact, take this silver  
Tanqueray  
I'm sure it was nothing  
A dream or something  
Don't get carried away  
The band's in the back and they're ready to crack on  
that brand new cache  
So kick off the dust from last night's lust and get back  
to me  
Do you still believe in Rock and Roll?  
Get off your knees and get down here  
The kids are just waiting for you, Dear  
Do you still believe in Rock and Roll?  
I do.

The red and the black and the holy attack of the vipers  
in the wings  
See how they writhe when they're ready to jive  
It's the sweetest thing!  
Out go the lights and the darkness ignites in a sea of  
single flames  
With a flick of my wrist, I'll blow you a kiss with no  
gravity

Do you still believe in Rock and Roll?  
Get off your knees and get down here  
The kids are just waiting for you, Dear  
Do you still believe in Rock and Roll?  
I do!  
Yeah, I do!

Do you still believe in Rock and Roll?  
The kids are just waiting for you, Dear  
Do you still believe in Rock and Roll?  
'Cause I do.  
Yeah, I do!  
I do!
