He's running out of time
Dangerously off line
The "glorious" rock and roller design
We knew he was a risk
Always praying to that white disc
The moment is slowly creeping up on all involved
All hands on: Termination

Wait for my command
We'll vaporize the young lad
The "glorious" rock and roller can't hide behind his
glitter eyes
He's almost out of time
The moment is slowly creeping up on all involved
All hands on! All hands on: Termination

I moved the ocean
I've seen the magic of the mountain high
I became thunder
Shining brighter than the lightning in the sky

Here I come
Shining!
Here I come
Dressed in white!
All Right!

Here I come
Shining!
Here I come
Tonight's the night!

I am the dreamer
Who gave a million other souls a dream
"Eid reven nac I erutuf eht morf ma I"

Here I come
Shining!
Here I come
Dressed in white!
All Right!

Here I come
Shining!
Here I come
Tonight's the night!

C'mon, C'mon it's time to go
C'mon, C'mon what are you waiting for?
Where's that look in your eyes?
Where's that look in your eyes?
Oh, is there something wrong, Dear?
Is that look in your eyes?
(Where's that look in your eyes?
Oh, is there something wrong, Dear?)

I can only love you from the front row
I can only love you from the front row, Baby
The back of the hall- the posters on my wall are
devoted to you
I wish that I was, too
But I can only love you from the front row
I can only love you from the front row, Baby
I can see stars
And I can see Mars from here
I will always love you...

I believe...
I believe...
I believe...
I BELIEVE!
